### INCOME INFORMATION

Please explain your financial hardship situation:

<b>Tuition:</b> Our reduced rate tuition is \$10 less per month from our listed mission partner rate tuition. Can you afford reduced rate tuition?  Can you pay \$70 monthly? \$60, \$50, \$40, \$30, \$20, or \$10 (Circle one)		YES	NO
<b>Books, Instruments, and Supplies:</b> You will likely need a book or multiple books depending on your instrument/class. Can you afford to purchase your own materials?  You will also need your own instrument. This may mean at the least drumsticks and a practice pad for drum students, a piano or keyboard at home to practice on for piano students, a horn, violin, guitar, ukulele, etc. From time to time some instruments also require regular consumables like guitar strings, valve oil, cork grease, reeds, etc. Will you be able to afford these?		YES	NO
<b>Participation, Practice, and Parent Involvement:</b> We are a non-profit and a major reason we exist is to make music education accessible to all people. Our resources are limited however, and we desire to make the best use of them. If you were to receive reduced rate tuition or a scholarship, will you commit to passionate involvement with your child or self at TIA, in music study, and in practice outside of the studio? This includes showing up to regularly scheduled lessons.		YES	NO
<b>References:</b> Please provide at least two references that can personally testify to your legitimate financial need for a scholarship.  1. Name: Phone: Email:  2. Name: Phone: Email:
